Goa Trance is essence of musical expression
combined
with rhythmic delight. The line drawn between
Goa Trance and drugs is some what wrapped
and misundersrood. Although at times they may
enhance eachother, there is no need for
chemicals when u have Goa Trance.

GOA TRANCE IS THE DRUG....

Goa Trance the fuels spirit, and can be divinely
relaxing and at the same time can give you
the adrenaline rush of your life.
there is nothing else that does that.

AMAZING...
