HOTAP! - NOTAR - NOTES - NOTICE!

da v začetku naslednjega tedna poboja bo sved
jih 14000 mark vrednih obveznic republike
ena prestopi v delnice Leka in delnice VIBK
bankče. Z drugo rolovočo priložnostjo pa
načrto, ki ga bo delnica delnica Mladan
knjige Založbe (MKZ), katere vrednost te ut-
no pada. Resnično me je presenetila s tako
širokim manevrskim prostorom in nam enon,
da kupi nove delnice na katere doslej je po-
mislil ni nikoli. Dostojer je igral namreč največ
na dve karti hkrati in še to sama, ko je šlo za
obdelnici SKB banke. Sedaj pa se je sočasno
odločil kar za tri delnice. Svojo nenavadno in
presenetljivo potezo je pojasnil s ponovotet-
nim razpletom borznih dogodkov. Presenetlji-
vo zato, ker je doslej največkrat muhastost mol-
čal, ko je šlo za mojo skepsa ob njegovih
odločitvah, da bo naslednje dni denar vložil
ravno v to delnico ali ono obveznico. V soboto
pa je brez zadržkov razkril vsaj del svojega
skrivnostnega »vira«, ki mu je bil v oporo pri

jeval. Jem tečaj je bil kar nekaj časa blizu
11.000 tolarjev. Na se je povzpela pa pre-
15.000 tolarjev, se začela spuščati na 11.000
tolarjev. Včer je nivovala okoli 10.000 tolarjev
pred dnevi počasi spet prebudil. Segel sem na
besedo s pripombo, da »vendar ne verjame
Vojko nekakšno divjansko niti na te
vije delnic, za to ga pa spet dobi sredi gar-
in tako naprej.« *»Muhastost«* je bil kratek. Po
njegovem ima vsak »gor in dol« delniških
tečajev svoj vzrok. Res pa je, da so vzroki
takšnega nihanja pogosto tihi dogovori med
borznimi hišami, pa tudi pojavi, ki postanejo
znani šele čez čas in še to le ozkemu krogu
borznih posrednikov, je pojasnil. Včasih pa
razlogi za nihanje vrednosti delnic kmalu pri-
curljajo na dan. Tako je navrgel, da se vredno-
st Lekove delnice ni zmanjšala zaradi morebit-
nega slabega poslovanja Leka, ampak pred-
vsem zaradi lastninjenja te tovarne in revizij-

boji, ki pobilava njegovih povsem novih se ind
me jemam presenetljiva njegova zgovornost
vzrokih borzne evfonije, ki jih je pred tem,
»svoj« je šlo za delnice, ponavadi skrbno
skrbno. Zato sem se toliko bolj zdrznil ob
besedah, da se je tečaj delnice MK Založbe
začel naglo zniževati zaradi zadnje emisije teh
delnic, s katero so prišle na trg nove delnice,
ki so povzročile ipadek njihovega tečaja ter
delno tudi zadržale rast vrednosti delnice Da-
dasa in Nike. Pri tem me je spomnil, da si pred
dvema mesecem delnico MKZ kupil že po
tečaju 4.500 tolarjev, pred dnevi le še po 7.500
tolarjev, sedaj pa je njena vrednost zdrvela
strmo navzdol. Ko sem ga takoj nato vprašal,
kdaj predvideva, da se bo njen tek po bregu
navzdol končal, je v hipu obnemel. Verjetno je
sprevidel, da mi je povedal več, kot bi mi smel,
in me je začel spet gnjaviti z vprašanji, kaj se
mi je vendar zgodilo na avtocesti.

REMEMBERING AN IDEALIST

(The Idealist nickname was "the silent one".

This text is a short extract from an interview with him.)

"The silent one":

Among the first books published in the Macedonian language was *The White Dawns*, by Koco Racin. He gave me a copy with his own inscriptions. I kept this book until 1941, when I decided to hide it; I put it in a metal box together with some of my own writings and buried it in our vineyard.

At that time it was too dangerous to possess books and writings in Macedonian.

After the war I tried to find the box, to dig it up from where I had buried it: I tried and tried but I couldn't find it. So I lost Racin's *The White Dawns* and some of my own writings.

THANK YOU FOR SHOPPING AT OUR
CHURCH.
COME BACK SOON.

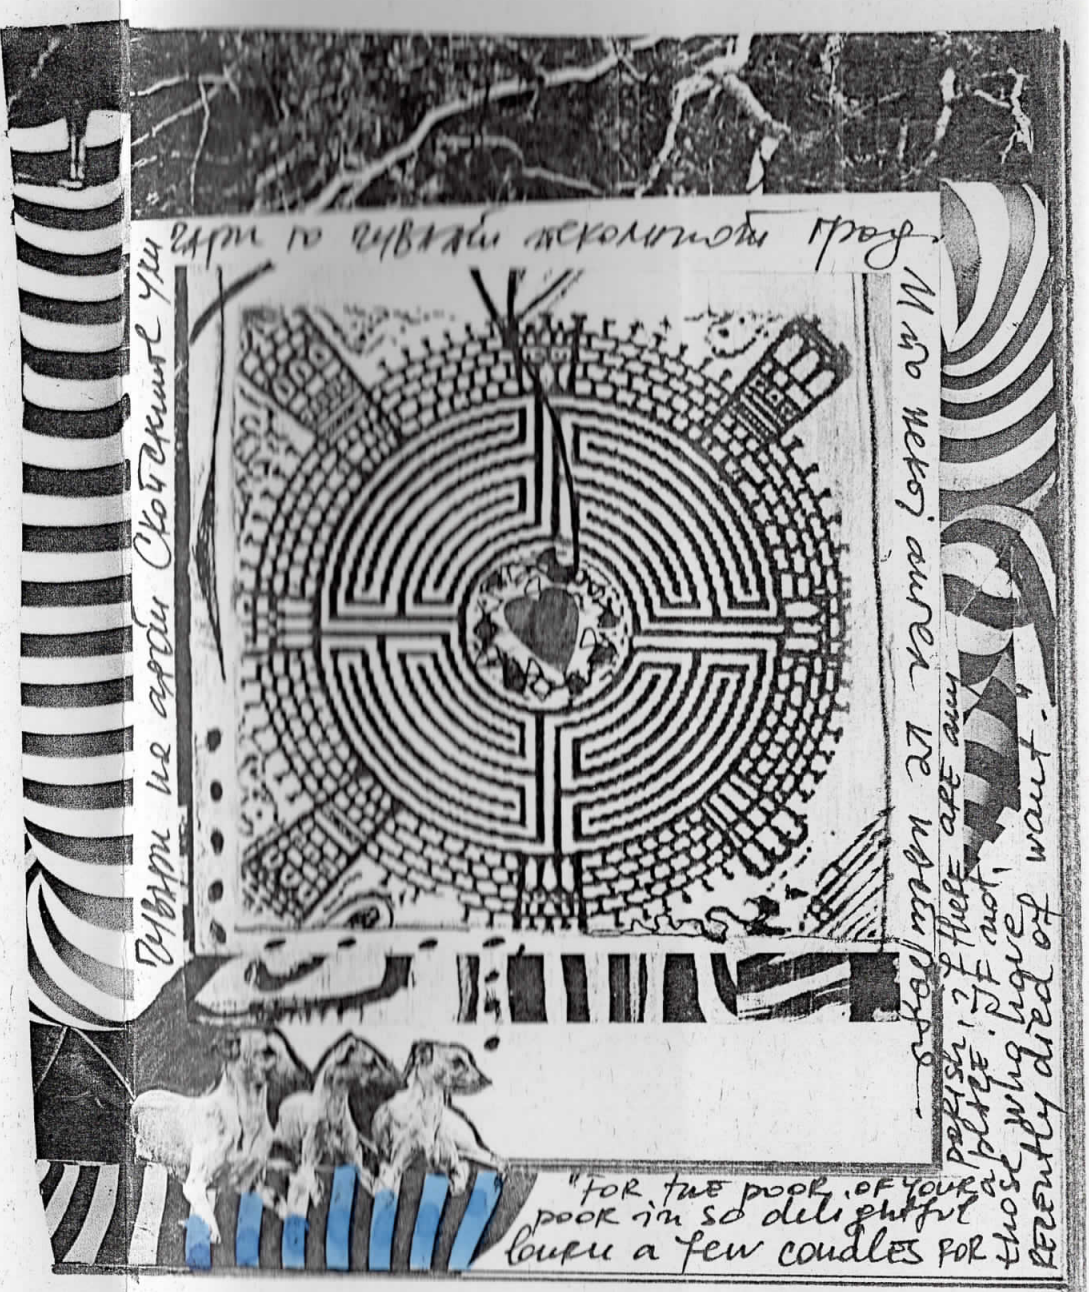

JESUS LOVES YOU

It was one of those sleeps that might last an hour or ten thousand years.

The sun seemed to flare like oil, the clouds were very close. Here you will be safe from the lead man. But there are other dangers, of which man is the worst.

Душа

Душа не спит. Кто спит? Кто спит? Кто спит?

Важно то что вы не спите. Проф.

No one's ever been there before.

If there are any people left, it's not those who have recently died of want.

"FOR THE POOR, OF YOUR POOR IS SO DELIGHTFUL LOUPE A FEW COULDES FOR THOSE WHO HAVE RECENTLY DIED OF WANT."
