

Втора Меѓународна Уметничка Фотографија
Куманово 2011

Second Internecional Exhibition of art Photogtaphy
Kumanovo 2011

ЦЕЛО Е КОГА ИМА СЕ

Photo Art Group F7 е фото секција при Националната Установа Центар за Култура "Трако Прокопиев" од Куманово. Членовите на оваа секција се активни автори на креативната фотографија со забележителни резултати во нивниот творечки опус. Нивната идеја е да организираат меѓународна изложба на креативна (арт) фотографија според мотото **цело е кога има се**. Значи, изложба со авторски отпечатоци (фотографии изработени целосно од идеја до реализација), затоа што сметаат дека само така се потврдуваат фотографските вредности целосно. Годишната изложба **International Photo Competition KUMANOVO 2011** е под високиот патронат на светската федерација на арт фотографија FIAP. Како член на жирито длабоко сум убеден дека оваа изложба е значаен настан за афирмација на фотографското творештво. Исто така се надевам дека таа ќе биде поттик на нови автори кои ќе ги откријат вредностите на авторската арт фотографија.

IT IS WHOLE WHEN THERE IS EVERYTHING

Photo Art Group F7 is a photo department at the National Cultural Center "Trajko Prokopiev" from Kumanovo. The members of this department are active authors of creative photography with remarkable results in their creative opus. Their idea is to organize an international art photography exhibition according to the motto **it is whole when there is everything**. Thus, an exhibition with author's print (photographs made completely from idea to realization), because they believe that only in that way the photo values are determined completely. This year **International Photo Competition KUMANOVO 2011** is under the patronage of **The International Federation of Photographic Art** FIAP. As a jury member, I am deeply convinced that this exhibition is a distinguished event for affirmation of the photographic creativity. I also hope that it will be an impulse for new authors who are going to discover the values of author's art photography.
